---

## **STANDARD EQUIPMENT**

On the D-O models, the chassis is 244 cm wide as standard, but due to the wheels, the overall dimension of the caravan is 255 cm. Each trailer is equipped with LED lighting.

## **D E L I V E R Y T I M E**

The manufacturer will fulfill the order in about 10 weeks.

## **T R A N S P O R T**

Customers can pick them up on their own at the headquarters of Mobi House (ul. Białachowska 1A, 83-210 Zblewo) or with delivery to the address indicated. The cost of delivery to be individually agreed with the customer (the price depends on the destination address and the number of trailers delivered at one time).

## **H O M O L O G A T I O N**

The full road homologation of the Vlemmix trailer allows it to be driven throughout Europe. To register the platform in Poland, you need a certificate of conformity (C.O.C.), issued by the manufacturer in English, and the "Declaration of data and information about the vehicle", also received from the manufacturer.
